Special Notes:

## NOTES

It is hoped that every rider is given encouragement and help, and that every rider is included in the medals. Elimination is not an option. Many times a rider who has riding problems is a great team member and adds to the team in many other ways. The team is better for that. :-)

The education portion is to help with equalization of effort.

The scoreboard has the results of the educational challenges you have presented. Those educational challenges may change the % standing if you like or they can have separate awards. Decide ahead of time and be sure your scoreboard sheet CLEARLY reflects what to plan to do.
